

## Info type is highlighted along with the content when hovered over on Our Friends page

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. Click on Our Friends in the header.

#### Steps:

1. Hover over any partner's working timetable
2. Hover over any partner's contact info: address, email or phone number

**Actual result:** The "Time" heading gets highlighted together with the timetable; and contact info title gets highlighted along with the contact link itself when hovered over.

**Expected result:** Only working hours get highlighted when you hover over; and contact link itself (address, email or phone number) gets highlighted when hovering over any of them.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

## PHP notice opens via the link in the title of the "Cipiyc" partner's card on Our Friends page

 Attach Create subtask Link issue

...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. Click on Our Friends in the header.

#### Steps:

1. Locate the "Приюток для бездомних тварин "Cipiyc" card
2. Click on the card title

**Actual result:** PHP Notice of an error appears.

**Expected result:** The website of the shelter opens, or an article in the media about the said shelter opens in the new browser tab.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. Click on Our Friends in the header.

#### Steps:

1. Locate the "Харківський міський притулок для тварин" card
2. Look at the shelter's logo

**Actual result:** The card contains 404 Error image placeholder.

**Expected result:** The card contains shelter's logo if any.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

[Components](#)[Our Friends Page](#)

## "Login" and "Registration" buttons styles not corresponding to the layout

[Attach](#) [Create subtask](#) [Link issue](#) [...](#)

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. Examine the layout: [Pet support GoIT](#)

#### Steps:

1. Locate the Header on the page.

**Actual result:** Both "Login" and "Registration" buttons have been set to have "background-color: transparent" and text color to be black.

**Expected result:** According to the layout, "Login" button should be orange (#F59256), text color should be white. 'Registration' button should have white background (#FFFFFF) and black text.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

**layout**

```

    Login          Registration
    background: #F59256; border: 2px solid #F59256;
    border-radius: 40px; border-radius: 40px;
  
```

**web app GUI**

```

    Login          Registration
    letter-spacing: 0.04em; color: #rgb(17, 17, 17);
    border-radius: 40px; border: 2px solid #rgb(245, 146, 86);
    background-color: transparent;
  }
  
```

## ■ Nav menu is not closing to display Find pet after tapping on logo when nav menu is opened on mobile

Attach Create subtask Link issue ...

**Description****Preconditions:**

1. Navigate to [Petly - the best way to show love to your pet](#)
2. Open Our Friends in the burger menu.

**Steps:**

1. Tap on burger menu to open navigation.
2. Tap on logo image.

**Actual result:** The "Find pet" page in navigation gets highlighted in orange, but the nav menu does not close automatically to display the page.

**Expected result:** Nav menu should close, the Find pet page should open.

**Environment**

Samsung Galaxy A52, Android v.11

## ■ User created with password containing space at the beginning

Attach Create subtask Link issue ...

**Description****Preconditions:**

Open [Swagger UI](#)

**Steps:**

1. Create a POST request to register new user: <https://petly-backend-backup.onrender.com/api/auth/signup>
2. Click "Try it out", enter valid user registration data and a password with a space at the beginning into JSON for request body.
3. Press "Execute".

**Actual result:** Response status is 201 Created. The user can subsequently successfully log in with these data both from frontend and backend.

**Expected result:** Response status should be 400 Bad Request and notification should appear that the user can't put space at the beginning of password.

**Environment**

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76, Swagger 1.0.0 OAS3

The screenshot shows a Postman interface with the following details:

- Method:** POST
- URL:** https://petly-backend-backup.onrender.com/api/auth/signup
- Headers:** (7)
- Body:** (JSON)
- Params:** (none)
- Authorization:** (none)
- Tests:** (none)
- Settings:** (none)

The request body is defined as follows:

```

1 {
2   "email": "dukewellington@gmail.com",
3   "password": " A23b45Cd",
4   "name": "Mariia",
5   "city": "Kyiv",
6   "phone": "+38099994545",
7   "birthday": "01.04.1990"
8 }
  
```

A red box highlights the "password" field, and a red arrow points from it to the response status area. The response area shows:

Status: 201 Created Time: 1815 ms Size: 532 B

## >User created with password containing space at the end

Attach Create subtask Link issue ...

### Description

#### Preconditions:

Open [Swagger UI](#)

#### Steps:

1. Create a POST request to register new user: <https://petly-backend-backup.onrender.com/api/auth/signup>
2. Click "Try it out", enter valid user registration data and a password with a space at the end into JSON for request body.
3. Press "Execute".

**Actual result:** Response status is 201 Created. The user can subsequently successfully log in with these data both from frontend and backend.

**Expected result:** Response status should be 400 Bad Request and notification should appear that the user can't put space at the beginning of password.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76, Swagger 1.0.0 OAS3

## >User created with name containing only keyboard special characters

Attach Create subtask Link issue ...

### Description

#### Preconditions:

Open [Swagger UI](#)

#### Steps:

1. Create a POST request to register new user: <https://petly-backend-backup.onrender.com/api/auth/signup>
2. Click "Try it out", enter valid user registration data and a put keyboard special characters in the name input field into JSON for request body.
3. Press "Execute".

**Actual result:** Response status is 201 Created. Keyboard special characters are accepted as a valid name, though specification only allows for letters.

**Expected result:** Response status should be 400 Bad Request and notification should appear that the user can't use keyboard special characters in the name input field.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76, Swagger 1.0.0 OAS3

## Return back to another page is blocked from Find pet page

 Attach  Create subtask  Link issue  

### Description

#### Preconditions:

1. Navigate to  Petly - the best way to show love to your pet

#### Steps:

1. Open the News page in the Header.
2. Open Find pet in the Header.
3. Click "Back" in the browser to return to News.

**Actual result:** The browser keeps displaying Find pet page. With every click on "Back", the browser refreshes the Find pet page.

**Expected result:** The previous page, News, should open in the browser.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76,

## Password eye works the opposite way when typing in password on Registration page

 Attach  Create subtask  Link issue  

### Description

#### Preconditions:

1. Navigate to  Petly - the best way to show love to your pet
2. Click on Registration in the header.

#### Steps:

1. Enter a valid email into the email field.
2. Start typing a password into the password field.

**Actual result:** The "password eye" is toggled to reveal the password by default. But when the user types in the password, it's not visible. If the user clicks on "password eye" to see the entered data, it becomes "crossed out".

**Expected result:** The "password eye" is crossed out so when the user enters a password, it's not visible. If the user toggles password eye, the password entered can be seen.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

## Registration

Email\*

Password\*

ConfirmPassword\*

Next

## No notification that the user is already registered if registered data is entered during registration

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. User should be successfully registered into the system.
3. Open Registration in the header.

#### Steps:

1. Enter valid email and password of an already registered user.
2. Enter valid name, city and mobile phone.
3. Press "Register"

**Actual result:** Data keep on proceeding, while in Console "409 Conflict" response code appears.

**Expected result:** There should be a notification/message that a user with such data is already registered in the system.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

The screenshot shows a browser window with a registration form on the left and developer tools on the right.

**Registration Form (Left):**

- User details:
  - Email: ptur0913@gmail.com
  - Name: Jason
  - City: Paris
  - Mobile phone: +380672223311
- A circular progress indicator is visible below the form.

**Developer Tools Network Tab (Right):**

- Network tab header: All | Fetch/XHR | JS | CSS | Img | Media | Font | Doc | WS | Wasm | Manifest | Other
- Filter: Has blocked cookies, Blocked Requests, 3rd-party requests
- Waterfall timeline: 20 ms, 40 ms, 60 ms, 80 ms, 100 ms
- Table headers: Name, Status, Type, Initiator, Size, Ti..., Waterfall
- Data row: 11 requests, 945 kB transferred, 951 kB resources, Finish: 46.69 s
- Console tab selected, showing a warning message: "Warning! This area is for use by developers only. Scammers have been known to encourage people to copy/paste information here to hack accounts. Do not proceed if you are unsure."
- Issues tab selected, showing one issue:
  - Issue type: Error
  - Message: "Error with Permissions-Policy header: Origin trial controlled feature not enabled: 'interest-cohort'."
  - Request details: POST https://petly-backend-backup.onrender.com/api/auth/sign xhr.js:247 up 409

2. Open Find pet page.

#### Steps:

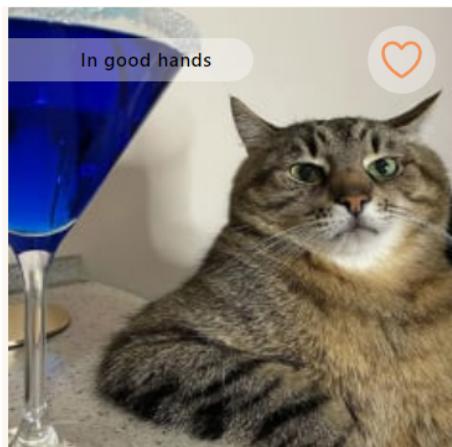

1. Examine the pets notices in any category in preview.
2. Press "Learn more" see the detailed notices.

**Actual result:** Detailed notice contains date of birth, but the age of a pet is not calculated to be displayed in the preview notice. The field is empty.

**Expected result:** Detailed notice contains date of birth, and when the user studies the notice in preview, the age of a pet is calculated and displayed in preview notice.

## Contact info of the notice creator is not displayed in the detailed pet notice on Find pet page

Attach  Create subtask  Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. User should be logged in.
3. Create a notice in any category.

#### Steps:

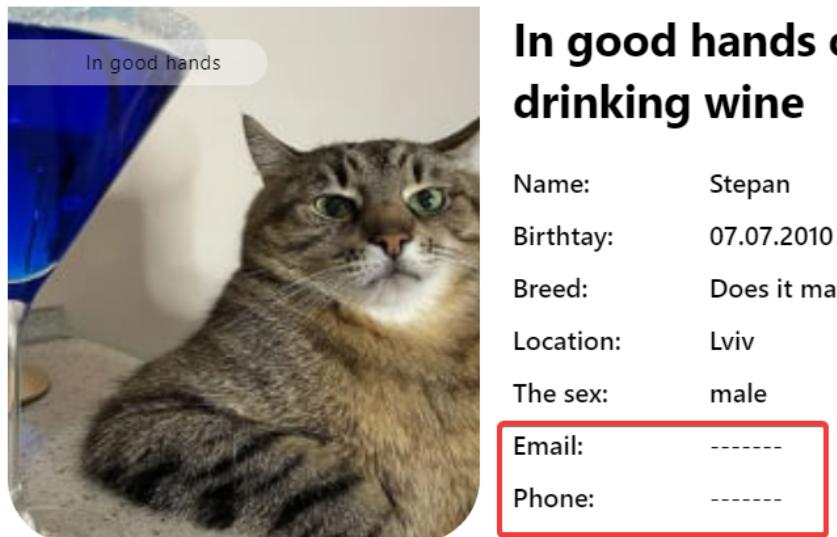

1. Find your created notice in the respective category "My ads".
2. Click "Learn more" to examine the detailed notice.

**Actual result:** The user's contact info is absent from the detailed pet notice.

**Expected result:** The user that created the notice will find their own contact info in the detailed notice, the data are contained in the My information section on Account page.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

## Notices created on Sell page but with Lost/Found or Good hands category chosen are added as Sell notices

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. User should be logged in.
3. Open Find pet page.

#### Steps:

1. Click "Add pet" in Sell category.
2. Choose Lost/Found or Good hands in the modal window.
3. Enter valid data for all the input fields.
4. Press "Done" to create a notice.

**Actual result:** Notice is created on the Sell category page.

**Expected result:** Despite the notice having been created on Sell category page, the notice itself should be moved to the relevant category page (Lost/Found or Good hands) according to the category chosen during creation.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76,

## "Cancel" button is absent from My information section when editing info on Account page

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. User should be logged in.
3. Open Account.

#### Steps:

1. Click "Edit" to start modifying info in the fields of My information section.
2. Enter other info.
3. Cancel the changes.

**Actual result:** "Cancel" button is absent from the section, which makes it impossible to abort changes.

**Expected result:** When user clicks "Edit", buttons "Ok" and "Cancel" appear. "Cancel" button is good if a user changed their mind and doesn't want to apply the changes they made to the data.

## Wrong data notification overlaps the Name input field in Add pet form when portrait mode is set on mobile

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. User should be logged in.

#### Steps:

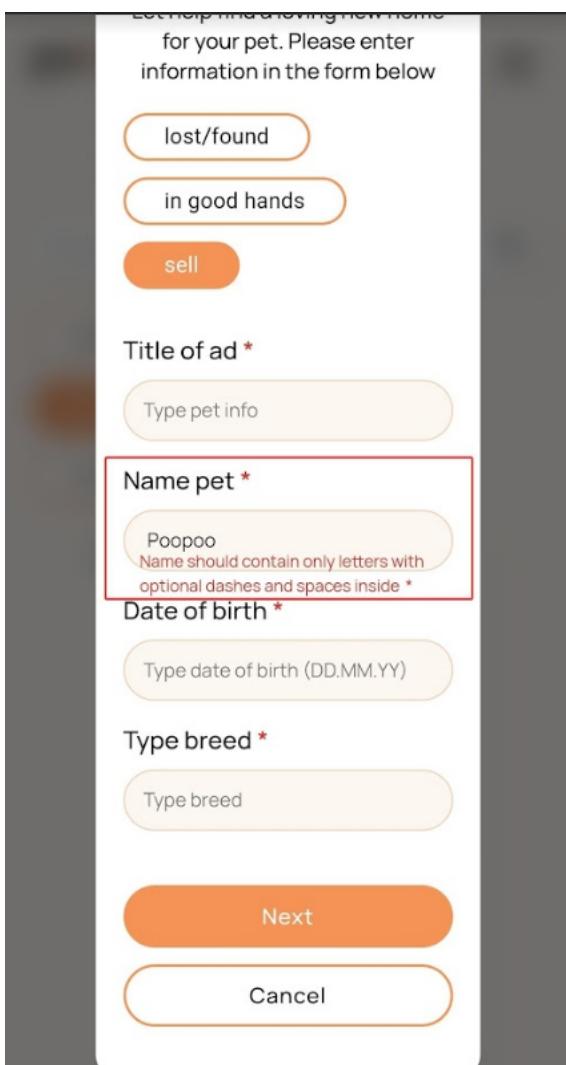

1. Open Find pet.
2. Click on "Add pet" on any category page.
3. Write invalid data into Name field

**Actual result:** Wrong data format notification appears and overlaps the input field.

**Expected result:** Wrong data format notification appears below the input field.

### Environment

Samsung Galaxy A52 Android v11 2400x1080

## Unclear notification is shown when valid not registered data are entered on Login page

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. Click Login in the header.

#### Steps:

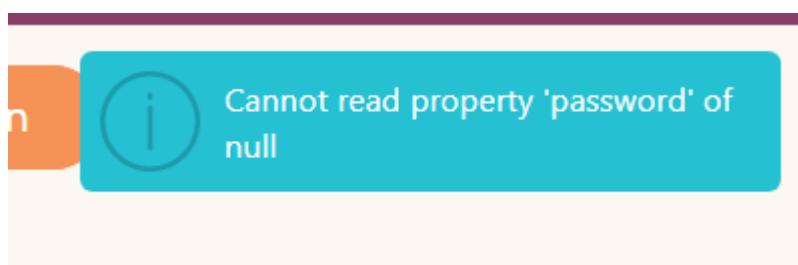

1. Enter valid email and password that are not registered into the system.
2. Press Login.

**Actual result:** Notification appears: "Cannot read property "password" of null". It's OK, but an average user might not get what this means.

**Expected result:** Notification appears: "User is not registered" and/or "Please register the user first."

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

## Area to the right from the Log out button on Account page is clickable

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. User should be logged in.

#### Steps:

1. Open Account.
2. Examine the "My information" section.

**Actual result:** The empty area to the right from the Log out is clickable as well.

**Expected result:** A user clicks on the Log out button to leave the web application.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

The screenshot shows a user profile page with the following fields and their values:

Name:	лвораia	
Email:	secret@gmail.com	
Birthday:	00.00.0000	
Phone:	+380994587414	
City:	Ky	

At the bottom left, there is a "Log Out" button with a red border and a hand cursor icon pointing at it. The entire "Log Out" button area is highlighted with a red rectangle.

## Text in My information section on Account page is not visible after user clicks 'Edit'

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. User should be logged in.

#### Steps:

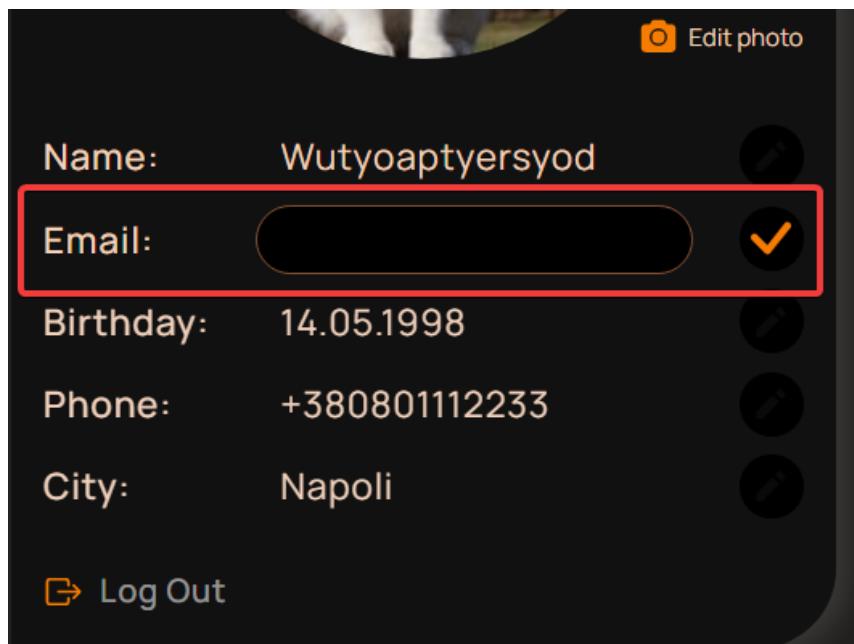

1. Open Account page.
2. Switch to dark theme
3. Click to edit any data in My information section.

**Actual result:** After user clicks "Edit", the text being black becomes difficult to see in inactive state, and becomes completely invisible when cursor is in the input field to make changes.

**Expected result:** After user clicks "Edit", the text is visible both in inactive state and when cursor is in the input field.

#### Environment ⓘ

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

## █ Placeholder and text in the Search field on News and Find pet pages are not visible

Attach Create subtask Link issue ⌂ ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. Click on News or Find pet in the header.

#### Steps:

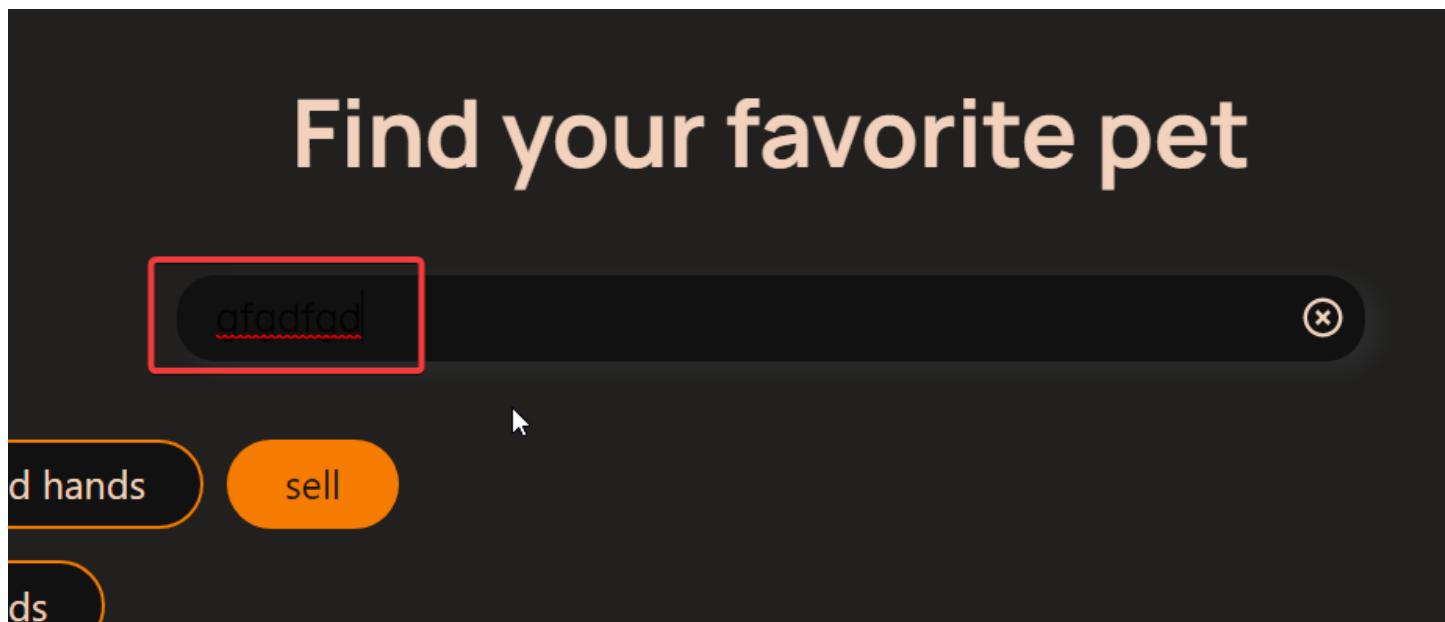

1. Examine the Search field.
2. Enter anything into the Search field.
3. Examine the entered data.

**Actual result:** Placeholder "Search" in the search field is not visible. Data entered into the Search field is hard to read since it's black on the dark black background.

**Expected result:** Placeholder and data entered into the Search field on News or Find pet page are clearly visible and can be read.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

## Delete button in the created notice preview has light theme style properties

Attach Create subtask Link issue ...

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. User should be logged in.
3. User should have at least one created notice in any category.
4. Dark theme mode is on.

#### Steps:

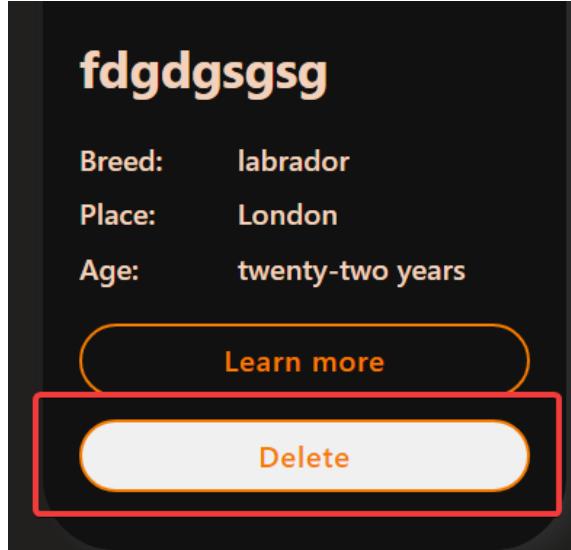

1. Open Find pet page.
2. Click on My ads to see the created notices.
3. Examine the preview of the created notice.

**Actual result:** Delete button has the style properties of the light theme.

**Expected result:** Delete button should be styled the same as Learn more button above: orange text and black background.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76

## Image upload element for a new user in My information section on Account page has light theme style properties

 Attach  Create subtask  Link issue 

### Description

#### Preconditions:

1. Navigate to [Petly - the best way to show love to your pet](#)
2. New user should be registered and logged in.
3. Dark theme mode is on.

#### Steps:

1. Open Account page.
2. Examine the My information section.

**Actual result:** Image upload element is just the way it is in light theme, which makes it out of style when dark theme is used.

**Expected result:** For a new user, image upload element and stub are in dark colors according to the chosen dark theme.

### Environment

OS: Windows 10 (x64); Browser: Opera v.94.0.4606.76
